

## Role Profile

<b>Position:</b>	Assistant Financial Controller – PIC EMEA
<b>Location:</b>	Stapeley, Nantwich
<b>Reporting to:</b>	EMEA Financial Controller

---

## Genus PLC:

Genus is a FTSE 250 company, headquartered in the UK and listed on the London Stock Exchange. With revenues of around \$600 million, it has a workforce of approximately 3,000 employees throughout the world. Genus has been one of the best performing stocks on the London Stock Exchange.

Genus is a global market leader in bovine and porcine genetic improvement, Genus helps its customers in the dairy, beef and porcine supply chains around the world. Genus' vision of "pioneering animal genetic improvement to help nourish the world" is supported by its core values to be customer-centric, results-driven, pioneering, people-focused and responsible.

## Overview:

Reporting to the EMEA Financial Controller, this role is responsible for the financial integrity and control environment of the PIC division in the region, as well as being a valued partner providing support to a wide variety of business and finance stakeholders. This is an excellent opportunity for someone seeking to gain experience in finance within a people centric, global business.

## The ideal candidate:

Ideally you will be a technically strong accountant both from an accounting and financial controls perspective with excellent people management skills and a desire to understand the business.

## Desired Skills/qualifications/Experience:

- Strong leadership, team and people management skills are a necessity
- ACA/equivalent accounting qualification with at least 5 years in a similar senior position
- Building relationships and influence – candidates must have a record of building strong relationships with their peers and senior stakeholders, with a proven ability to influence.
- Detail ability – must be able to work at both the strategic and detailed level, and comfortable with the 'multiple hats' aspects of the role.
- Strong system skills – must have a solid base of system skills and the ability to drive efficiencies through system changes and improvements.
- Thorough understanding of technical accounting issues and solid experience in implementing and maintaining robust financial controls within a sizable international organisation
- Good organisation and inter-personal skills, robust, responsive and able to lead change.
